

COVID-19 Return to Play: Phase 3

The following are the minimum guidelines for Return to Play based on the new Healthy Washington – Roadmap to Recovery Guidelines at Seattle HappyFeet/Legends for all outdoor programming and programming outside of childcare centers. All employees, players, and guardians will sign off and agree to the terms before returning to work or to play.

Coach Requirements: All coaches will adhere to the following minimum guidelines when coaching.

- At the beginning of each shift a temperature will be taken and logged to ensure it is under 100.4 degrees Fahrenheit
- At the beginning of each shift every coach will confirm they have not had any COVID-19 symptoms or had direct contact with anyone who has had any of the symptoms in the last 14 days.
- Each coach will wear a cloth mask or mask provided by Seattle HappyFeet/Legends at all times.
- Each coach will sanitize their hands before and after each session.
- Each coach will maintain a minimum of 6 feet between themselves and others.
- Coaches will refrain from high fives or physical contact with all other coaches, parents, and players. Foot taps will replace high fives.

Player Requirements: All players and guardians will adhere to the following minimum guidelines. Any player or guardian who does not, will be asked to leave until the following guidelines can be met.

- All players will sanitize hands with sanitizer provided by Seattle HappyFeet/Legends before and after each session.
- Players will remain at least 6 feet from other players when not playing. This will be supported and facilitated by coaches and guardians.
- All players and guardians **ages 3 and over** will be required to wear a facial covering during session even when socially distanced from others.
- All guardians will remain outside of the designated playing area and will maintain 6 feet of distance between each other.
- All players will have their temperature checked and guardians will be asked to verify that the player has not had any COVID-19 symptoms or been around anyone who has in the last 14 days.
- All players are limited to one guardian per session. Exceptions can be made for siblings that are unable to stay home alone.
- All guardians who are needed on the field to help facilitate their child's play (all 2 year old parents/some 3 year old parents) will have their temperature checked and will be asked to verify that they have not had any COVID-19 symptoms or been around anyone who has in the last 14 days.

Field & Equipment Requirements: All Seattle HappyFeet/Legends fields will be set up with the following minimum guidelines.

- Should a participant need a guardian on the field with them due to age (2-3 years), they will be required to stay at least 6 feet from other players and meet the above temperature requirements. It will be the guardian's responsibility to keep them and the player in that area.
- All fields will be shared by two teams. Each team will occupy half of the field until scrimmages begin. All fields will have a buffer of at least 12 feet between them.
- During Phase 3 of the State of Washington's Opening Guidelines, teams are able to scrimmage other teams. Teams will scrimmage (3v3) other teams for the second half of each session.
- All players **3 and up** are required to wear their mask throughout the session and scrimmage like games. No exceptions.
- Each participant will be given their own sanitized and marked soccer ball for each session. Balls will be marked by colored stickers and/or bands. One child may get a green ball and the other a red ball so they know whose is whose.
- All balls will be sanitized after every session per CDC guidelines. New balls will be used for back to back sessions.

These are the minimum guidelines and are subject to change at any time based on any updates provided by the Health Department, King or Snohomish County, or the State of Washington.

As of April 11th, 2021 the above guidelines meet both Phase 3 and Phase 2 requirements. If any county is to return to Phase 2, HappyFeet/Legends will be able to continue to operate with minimal changes.

For questions or clarifications regarding the guidelines set forth by the State of Washington, please visit Governor Inslee's website (www.governor.wa.gov) and guidelines for sports activities: <https://www.governor.wa.gov/sites/default/files/COVID19%20Sporting%20Activities%20Guidance.pdf>
